# INSTRUCTOR: DR BOELA VAN DER MERWE

Subsequent to Dr van der Merwe's undergraduate training at University of Pretoria, he pursued his passion in dentistry in the field of Endodontics with a BSc Degree with Honours in Dental Sciences with Endodontics as main subject (2000) and a Graduate Diploma in Dentistry in the branch of Endodontics (2007). In 2009 he completed his Masters Degree in Endodontics. In 2024 he completed the Mastership Lasers in Endo Module and the Laser Safety Officer Certification Course with AALZ and the Sigmund Freud University. Dr Boela specialises in, and restricted to the practice of Endodontics from his new state-of-the-art facility in Randburg, and occasionally hosts a workshop to share what he has learnt and continues learning.
